Frequently asked questions

How soon will I hear about my completed application?

Admissions reviews your application within two to four weeks of its arrival, and notifies you by regular mail of its decision. You may also check your application status online at www.bloomu.edu/admissions

How early can I apply for admission?

You can apply at anytime, but applications for the following fall begin to get consideration in late September of what would be your senior year in high school. We don't ask students to take SAT or ACT tests as juniors, but do require SAT or ACT scores for consideration of application, so it's a good idea to take them early in the senior year.

What are your application deadlines?

We admit students on a rolling admission basis, except for nursing, which means we review your completed application as soon as we receive it. We will notify you within two to four weeks of receiving a completed application. We encourage you to apply as early as possible. For some majors, applications received past December 1 are considered late. We also welcome applications from transfer students in good standing, as well as international and nontraditional students. Freshmen nursing applicants must apply by Dec.1 and transfer, nursing students by March 1.

When can I come for a visit?

Group presentations are held throughout each week including select Saturdays, and are followed by a campus tour. Individual interviews can be made based on availability.

Please register for a visit at www.bloomu.edu/admissions.

Open House Programs: You can register *after September 1* online (www.bloomu.edu/admissions)
