Dear University Student,

As the executive board of the Bloomsburg University Community Government Association (CGA), we would like to bring to your attention a project we have been working on and will be hosting in the spring. This one day service project is called “The Big Event.” As Bloomsburg University students, we must remember that we are temporary visitors in a community of permanent residents. This event is a chance for us to give back to our community by completing various service projects in the downtown area.

We will be distributing jobs to students depending on the needs of those living or working downtown. Some of the jobs may include painting, raking leaves, weeding, or cleaning and washing windows.

Something that sets this event apart from other service projects is that it is not just for those in need. It is beneficial to the whole town. The goal of The Big Event is to give back to those residents who live around us and support us during our college years.

This is a very large project for us to take on ourselves, which is why we are asking for your help! We need volunteers in order to make this day successful and beneficial to all of those involved. The goal of this Big Event is to bring all the students out to give one big thanks to the community. If you are interested in being a part of this great experience please fill out the participation form and return it to the CGA office.

What is The Big Event?
The Big Event is a one day community service project in Bloomsburg that started on March 27, 2009. We are now in our 3rd year. The Big Event gives Bloomsburg University students the opportunity to say, “Thank you” to Bloomsburg area residents. On that one day, students will go out and complete various tasks such as mowing lawns, raking leaves, painting, etc. at the homes of the townspeople who chose to participate.

The Big Event needs individuals, groups, clubs, organizations, etc., that are willing to give one day to help give back to our local community.
