The Master of Business Administration is designed for graduate students with a baccalaureate degree in any field of study. Whether you graduated with a degree in business, liberal arts or earth sciences, our MBA program can fit your needs. The MBA program offers management education that is designed to provide theoretical, analytical and operational expertise that leaders need to meet the challenges of managing in dynamic, competitive environments.

BU’s program is fully accredited by the Association to Advance Collegiate Schools of Business.

All MBA program courses are taught by distinguished faculty from throughout the College of Business, bringing you expertise in accounting, finance, law and ethics, technology systems, management and marketing. Graduate faculty are dedicated teachers with doctoral degrees who have demonstrated subject area expertise by extensive experience and/or scholarship. MBA faculty provide an active learning experience with a variety of teaching methods, such as, case studies, applied research, problem solving, and team projects.

One of the strengths of the MBA program is the high quality of students enrolled.

- Recent graduates scored an average of 500 on the GMAT.
- Most bring considerable business experience to the classroom.
- The 70 active students are typically 31 percent female and 69 percent male, with an average age of 36.
- About 10 percent of the MBA students are foreign nationals.
- The program has about 500 alumni pursuing careers around the world.
- More than 90% of MBA students are employed three months after graduation.

Courses meet one evening for 15 weeks in spring and fall semesters. Summer semester courses meet two evenings for six weeks. Most students are part time and take one or two courses per semester, while full time students can expect to graduate in one to two years.
