¹ The 5-Year Program Review schedule can be found on the Office of Planning and Assessment webpage. OPA notifies programs that are scheduled for review by March 1. Programs should receive data from Institutional Research by September and prepare their reports during the fall semester. The 5-Year Program Review report is due in January, with a site visit from an external reviewer between February-March. A formal debriefing will be held between April-May and the final report submitted to PASSHE in August.
