Preface

Bloomsburg University values collaboration, community, and critical thinking. Consequently, the governance structure at Bloomsburg University is founded on the principle that academics, guided by a curriculum developed by the faculty, are the basis of our institution and that the student is the focus of the resulting educational program. This governance structure acknowledges our strengths and traditions and our collective bargaining agreements. The University Community recognizes the interests, rights, and responsibilities of the diverse university constituencies. Foremost, we are sensitive to the value of open communication in our university community.

The governance structure meets the needs of our university community. The decision-making process is streamlined; interests of various constituencies are represented in the committee structure; constituencies on campus are given representation. The governance structure is intended to function for the benefit of the entire university. Participants in the structure should place the larger interests of the university foremost in their deliberations.

Roles in the Governance Structure

Administration

The president of the university is the chief executive officer of the institution. In the absence of the President, the Provost and Senior Vice President for Academic Affairs serves in the President’s place. The Planning and Budget Committee reports to the president; other committees report their recommendations directly to the appropriate vice-presidents. Specific concerns of the president relating to committee business should be directed to the committee through the appropriate vice president.

Vice presidents, deans or other administrative officers have the right to form committees for specific purposes or to call meetings of various constituent groups on campus. Committees formed by vice presidents or other administrators should function within the governance structure. Vice presidents, deans, and other administrative officers should be sensitive to issues, policies, and procedures which cut across committee responsibilities and take appropriate action to keep all affected groups informed and aware of recommendations being made in proposed policies and procedures.

Collective Bargaining Agreements

The structure on governance will not contradict or interfere with agreements reached between the Commonwealth of Pennsylvania, the State System of Higher Education, and all recognized collective bargaining units. Committees required by those collective bargaining agreements, such as committees on tenure, promotion, and sabbatical leave, will function as required in those agreements.

Other Existing Committees

The governance structure supersedes all current committees dealing with campus governance. Existing committees not specifically addressed in this document should be reformulated when necessary to function within the governance structure. Faculty representation on all standing committees is determined by university-wide elections held at the beginning of
each academic year. The by-laws of all standing committees are written to ensure that the broadest possible faculty representation is attained within the constraints of each committee’s overall size. Committee members representing other constituencies on campus are either elected or appointed based on the specific committee’s by-laws.

When the need exists for an election to governance committees the Chair of the University Forum/Secretariat should request the election to be held by the appropriate electing body, i.e., CGA (Community Government Association), AFSCME (American Federation of State, County, and Municipal Employees), APSCUF/BU (Association of Pennsylvania State College and University Faculty/Bloomsburg University), or the Graduate Council. The Chair should forward appropriate election information, such as the date of elections and procedures followed, to the head of the appropriate body at the time the election request is made.

**Updates and Reviews**

The Forum Administrative Assistant (who is appointed by the President’s Office), working with the Forum Chair, will update the Governance Document at the end of every academic year. Elements of the document that should be updated when changed include names of departments, names of committees, titles of administrators, and committee bylaws when those bylaws have been changed by the respective committee.

Announcement of updates will be made on the Forum website at the beginning of each academic year and disseminated to the campus. Updates will also be recorded in the appendix of this document. Updates will occur without notice to or approval by Secretariat or Forum.

Updates to committee bylaws will consist of placing new bylaws into this document. No changes in content or formatting will be made.

The Forum Chair, with the assistance of Secretariat and Forum, will review the Governance Document every year. Reviews should be correlated with the Middle States accreditation process or other quality improvement processes.
Key Governance Committees

Overviews of the functions of the key governance committees included in this document and an organizational chart depicting the relationship between these committees and the administration follow. Bylaws for the key governance committees follow in separate sections.

Forum and Secretariat

The Forum is composed of 68 voting members representing academic departments, administrative units, student constituencies, and non-instructional collective bargaining units. The Secretariat of the Forum sets the Forum’s agenda.

The Forum provides a venue for the University Community to review and discuss present and proposed university policies, procedures, and issues, raise concerns, facilitate communications and disseminate information. The primary task of Forum is endorsing or commenting on PRPs (Policies, Rules, and Procedures for everything from curriculum to business practices) and endorsing nonbinding resolutions. A nonbinding resolution can make a recommendation about current university policy, highlight areas of concern that could be addressed in long-term planning, or comment on pressing social issues.

Bloomsburg University Curriculum Committee -- BUCC

The BUCC is composed of 14 voting members, 10 faculty members chosen via faculty election, and 1 faculty representative from each of the four college curriculum committees. In addition, there are 2 undergraduate students, 1 graduate student, the Provost and Vice President for Academic Affairs, and the president’s designee, all of whom serve as ex-officio members.

The BUCC is responsible for acting upon curricular proposals at the institution-wide level. It also serves as a coordinating committee for curricular proposals emanating from all components of the academic community, and serves as a faculty advisory committee to the Provost and Vice President for Academic Affairs on recommendations for improving the curriculum at the University. The committee’s formal recommendations are forwarded to the Provost and Vice President for Academic Affairs for review and implementation. Curricular proposals that involve establishment of new programs and/or degrees must ultimately be approved by the Bloomsburg University Council of Trustees and the PASSHE Board of Governors.

All BUCC meetings are open to the entire campus community. Each semester, the committee also schedules a special meeting devoted strictly to the discussion of curricular concerns that are initiated by members of the University community.

General Education Council is the body recommending to the Bloomsburg University Curriculum Committee (BUCC) on all matters concerning the General Education (MyCore) program at Bloomsburg University.

Planning and Budget

The Planning and Budget Committee is composed of 19 members representing faculty, staff, students, the various collective bargaining units, and administrators. The committee is co-chaired by the Provost and Vice President for Academic Affairs and the APSCUF president.
The committee operates with the philosophy that the academic priorities of the University shall determine facilities planning, financial planning, and other administrative processes. Accordingly, the committee places its emphasis on the strategic elements of planning and budgeting, focusing primarily on the basic mission of the University, the clientele to be served by the University, the major goals and objectives to be pursued, specific programmatic priorities of the University, and the means by which the University seeks to differentiate itself from other institutions.

The Planning and Budget Committee has three standing sub-committees; the Budget Subcommittee, the Enrollment Management Steering Committee, and the Space and Facilities Subcommittee.

Student Life Committee
The Student Life Committee is composed of 18 voting members and the Vice President for University and Student Affairs, who serves as an ex-officio non-voting member. The committee is made up of 7 student members, 4 faculty members, and 7 student life professionals. The purpose of the committee is to develop and review policies and advise the Vice President for University and Student Affairs on student life issues.

General Administration Committee -- GAC
The General Administration Committee is composed of 12 voting members and the Vice President for Administration and Finance, who serves as an ex-officio non-voting member. The committee is composed of 5 faculty members, 2 undergraduate students, 2 staff members, and 3 administrators. The purpose of the committee is to initiate, review, and recommend administrative policies and procedures derived from all components of the University and/or referred by the Vice President for Administration and Finance.

Nonbinding resolutions can be withdrawn by their sponsors after editorial review.

10. A nonbinding resolution will not be placed on a Forum agenda until that nonbinding resolution has gone through editorial review and has been approved at Secretariat by a simple majority vote of the members present.

11. Nonbinding resolutions that have been reviewed and approved by Secretariat for endorsement/non endorsement by the Forum must be introduced for discussion in one Forum meeting and voted on in the next regularly scheduled Forum meeting.

12. In order for a nonbinding resolution to be endorsed, it must receive a simple majority of the forum delegate votes cast after a second reading.

13. Unendorsed nonbinding resolutions will be preserved in the Forum minutes. Unendorsed nonbinding resolutions may be reintroduced to the Forum after a review by Secretariat.

14. Endorsed nonbinding resolutions will be forwarded to the University President. The University President or her/his designee may:
   i. Respond to the resolution at the next regularly scheduled Forum meeting.
   ii. Request an extension until a specified Forum meeting.
   iii. Take no action.

15. All forwarded nonbinding resolutions and any actions (items i, ii, and iii above) will be placed on the Forum Website and remain for a period of 12 months of the date of the action. After 12 months, resolutions and actions will be placed in the Forum Archive.

No more than one faculty member from any single department or work group will be eligible to serve on the BUCC at the same time. The ten elected faculty members shall include at least one member from each of five academic areas: Business, Professional Studies, Humanities, Natural Sciences and Mathematics, and Social Sciences. If no candidate from each of the five academic areas runs for election, that position shall be considered vacant and shall be filled according to the procedure outlined below. The remaining two two-year term positions are to be filled on the basis of vote plurality and upon the eligibility requirements set in Article IV. The remaining elected positions are to be filled on the basis of election plurality and the eligibility set forth in Article IV.

The BUCC chairperson shall appoint new members to fill any vacant positions. Vacancies shall be filled on the basis of the vote-count in the last election with the understanding that faculty from the five academic areas should fill vacancies in those areas. The appointed academic members shall serve for one year. Such appointments may be made only with the advice and consent of the BUCC and in accordance with Article IV.

**Article VI - Amendments to the BUCC bylaws**

Amendments to these bylaws are made based upon recommendations from the BUCC (by majority vote), approved by the majority of faculty, according to the faculty governance structure, and then by the university's "Meet and Discuss" Committee. Changes shall take effect immediately after an agreement is reached with management on the proposed amendments.
The General Education Council (GEC) is the body recommending to the Bloomsburg University Curriculum Committee (BUCC) on all matters concerning the General Education (MyCore) program at Bloomsburg University.

Purpose

The GEC, in consultation with the relevant departments, will recommend targets for the Goals for General Education Student Learning Outcomes as revealed by assessments and inform the University of those targets. The GEC will use BUCC approved targets to determine whether the Goals for Student Learning Outcomes of General Education are being achieved and report that determination to the University.

The GEC will review all course, program, co-curricular learning experiences, and other proposals and activities concerning General Education and make recommendations to the BUCC. The GEC will receive assessment data concerning all aspects of General Education and work with Departments and Colleges to use that data to improve General Education. When appropriate, the GEC will make recommendations to the BUCC to modify General Education. The GEC will be responsible for ensuring the role of General Education at the University is understood by members of the University and other interested persons.

The GEC will schedule meetings so that proposals are acted upon in a timely manner and that assessment data can be analyzed effectively. Meetings will be scheduled so that recommended proposals can be forwarded to the BUCC normally within one month during the academic year. Meetings will be open to the University community.

Membership

The voting members of the GEC will be twelve faculty members, a representative from the Division of Student Affairs, and the Vice-president of Planning and Assessment. No more than one faculty member from any single department will be eligible to serve on the GEC at the same time. The twelve faculty members shall include at least two members from each of the colleges, one member from the Department of Academic Enrichment and one member from the library.

With the exception of the first election, all faculty shall serve a two-year term.

The nonvoting student representatives will be two undergraduate students designated by the Student Affairs Division. These Student Affairs representatives will be appointed by the Vice-President for Student Affairs.

A quorum will consist of at least eight voting members, a majority of whom must be
elected faculty. When a quorum is present, a simple majority of the quorum will suffice to approve any action. The chair of the council will be elected from the elected faculty members and serve for one year.

In addition to the voting members, the GEC will include the Dean of Undergraduate Education as a nonvoting member.

When a council member is unable to attend a meeting, he or she may designate an appropriate representative for that meeting. The representative will have the privileges of the member for that meeting.

Operating Procedures
