

## Professional Experience Grant Learning Goals

Please pick no more than three learning goals you hope to impact through your professional experience. The idea is not to answer all of the questions for each learning goal, but to pick the questions you think you would like to focus on. Write a reflective essay (500- 1,000 words) to describe your experience, how you will use the grant (be specific), and what you anticipate learning through the experience. Essay should be in Times New Roman Font, 12 point type, and double spaced. Each page should be numbered and have your name and student ID number on it.
