Report 105 – Student Response Report
The Student Response Report provides a class view of all test responses by student and by question. The students are listed down the left side of the report. The questions are listed across the top of the report. Each student’s answer to each graded question is listed within a colored box: green for correct responses and red for incorrect responses. A white empty box means the student left the question blank or the response is invalid (e.g., multiple responses were entered when not allowed). To the far right of the report total score, percent score, grade and scaled score (if applicable) are listed. At the bottom of the report the percentage of students who answered the question correctly is listed, as well as averages for the total score, percent score, and grade. This report provides visual insight to both student and question performance. The colors used in the report can be customized in the report’s properties.
