The following items will apply to all matriculated students who have earned the appropriate A.A., A.S., or A.A.S. degree at RACC:

1. A block transfer of 60 credits will be accepted from RACC for graduates of A.A., A.S., or A.A.S. majors to Bloomsburg University Bachelor of Applied Science in Technical Leadership major. Additional courses not used to satisfy requirements the A.A., A.S., or A.A.S. degree will be evaluated for transfer credit on a course-by-course basis. Credits earned at a college or institution which does not hold accreditation by a regional accrediting body will not transfer.
2. Bloomsburg University recognizes the A.A., A.S., or A.A.S. degree may be certified and confirmed by the completion of community college courses, dual admission credits, transfer course credits, life experience portfolio credits, developmental course credits, credits from courses with grades below 'C', articulated credits from Career and Technical Education (CTE) programs, CLEP testing, AP courses, military training credits

3. Bloomsburg University assumes the A.A., A.S., or A.A.S. degree graduate has fulfilled thirty (30) General Education Points (GEP's) reflective of MyCore, Bloomsburg University's General Education program. Students will fulfill their remaining ten (10) GEP's earned through the required fifteen (15) courses in the BAS-TL program. These points will be earned by the prescribed courses that have been identified and delivered in the program by the Department of Instructional Technology, to meet the graduation requirements for the BAS-TL major.
4. For students entering the Bachelor of Applied Science degree with an A.A. or an A.S. degree, these additional five (5) courses or fifteen (15) credits of coursework will be focused on careers through consultation with their Bloomsburg University advisor. All B.A.S. students must graduate having completed at least one course in the following areas: mathematics, natural science and public speaking. Bloomsburg University encourages students to take these five (5) courses at their community college.
5. Community College courses that are completed to fulfill the 15 General Education or career-oriented coursework credits while enrolled in the BAS-TL program are, as such, part of the BAS-TL curriculum. Courses completed at the community college with a grade below a 'C' will be accepted in the same manner as a resident student on the Bloomsburg University campus. Procedurally, this approach applies the same standards to students in our off-campus BAS-TL programs that are applied to students who are resident at the Bloomsburg University main campus.
6. Students who elect to change their major at Bloomsburg University will receive a new transfer evaluation using the standard course-by-course method of evaluation.
